- Technology Education

On WECAN, please make sure that you apply directly to the School District of Waukesha by "Searching Employer Profiles" and clicking the School District of Waukesha link. You can then submit your application directly to the district. After you complete the application, the district would like you to take approximately 40-45 minutes of uninterrupted time to do an on-line questionnaire called TeacherInsight at:

<https://gx.gallup.com/teacherinsight.gx> The District Code is: 61771

- TeacherInsight consists of multiple choice, Likert scale items (responses on a one-to-five scale) and open-ended items in which you write your response.
- Specific instructions are contained within TeacherInsight.
- You should use an Internet browser such as the following: Microsoft Internet Explorer 5.5+, Netscape 6.1+, or AOL 9.0+.
- Following completion of the assessment, Gallup will forward the results to the district.

If you need help, contact the Gallup client support team at srihelp@gallup.com or call 877-425-5872.

Once you have completed the above process, your file will be complete. If the district would like to meet with you during the Teacher Recruitment Fair, you will be contacted. Thank you for your interest in positions with the School District of Waukesha.
